TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

October 12, 2017

Robert Crain, President
Harris County Municipal Utility District 281
1300 Post Oak Boulevard, Suite 1400
Houston, TX 77056-3078

Subject: Superior Public Water System (PWS) Recognition
Harris County MUD 281, PWSID - 1013178
Harris County, Texas

Dear Mr. Crain:

As a result of the Texas Commission on Environmental Quality's (TCEQ) recent Comprehensive Compliance Investigation (CCI) and review of records concerning the Harris County MUD 281, it has been determined that the public water system meets the TCEQ's Superior Public Water System recognition requirements in accordance with 30 Texas Administrative Code §290.47. This recognition authorizes display of Superior Public Water System signs on highways entering the area served by this public water system. Please note that before installing the signs along the highway rights-of-way, the District Engineer of the Texas Department of Transportation (TxDOT) should be contacted and his approval obtained concerning the proposed sign installation sites.

We are enclosing two copies of an Agreement Form to be signed by the person indicated and returned to this office. My signature will be affixed to this document and one copy returned to you for your files.

In conclusion, we wish to thank you for your diligence and concern regarding the Harris County MUD 281 public water system. If you have any questions or require further assistance, please do not hesitate to contact Leticia De Leon in the Drinking Water Special Functions Section at (512) 239-4978 or Leticia.DeLeon@tceq.texas.gov.

Sincerely,

A handwritten signature in cursive script, appearing to read "Michele Risko".

Michele Risko, Manager
Drinking Water Special Functions Section
Water Supply Division
