

NEW Automated Side Load (ASL) trucks are serving Harris County MUD 280 now.

For best collection results, please remember the placement instructions below necessary for pick up.

Please place the recycle cart at the curb by 7 a.m. on collection day.

Place the recycle cart so the handle is facing towards the home. Space regular waste cart, bulk and the recycle cart 2 - 3 feet apart.

Do not overfill the recycle cart. The lid must be securely closed. Trucks will not service additional recyclables outside the cart.

Recyclables should be loose in the cart and not bagged.

Please place cart 5' from obstructions (such as mailboxes or trees) within 1' of the curb. Do not place on an incline or slanted area.

Do not obstruct the collection of the cart by parking vehicles in the vicinity or cul-de-sac. Keep the area clear for easy access by collection trucks.
